Flowering dogwood is native to Ohio and blooms in April and May.

MAYOR NEYER: SPRING IS A TIME TO CELEBRATE

"If we had no winter, the spring would not be so pleasant: if we did not sometimes taste adversity, prosperity would not be so welcome." -Anne Dudley Bradstreet

As we move well into 2022, the promise of warmer weather is something we all can look forward to. Spring is a time when people young and old pull out their bicycles, ball gloves, gardening tools, grills, and paint brushes. It is a time of hope that life will ease, and warmer winds will usher in all kinds of joyous outdoor activities.

When you are outside this season relishing the sunshine, city parks, bike paths and area waterways, please be mindful of safety for you and others around you. Like blooming flowers, kids will be out in force with exuberance, running, laughing, and chasing after balls and pets. I hope you enjoy yourselves and shake

off those winter chills, but let's keep those bumps and scrapes to a minimum. -Bill Neyer

IMPORTANT NOTES

City offices are closed April 15 for Good Friday.

Paper, plastic and aluminum cups are now accepted for recycling.

The City's water softening plant will be operational this summer. Details will be sent in the next utility bill.

DONATIONS USED FOR SCHOOL SAFETY VEHICLE

The Harrison Police Department unveiled a new public safety vehicle for use on school grounds.

The \$43,000 John Deere XUV crossover vehicle was made possible through donations by private citizens, JTM Food Group, 1860 Taproom & Bottleshop, F&M MAFCO, DTR5 Investments LLC, Coatings Systems Inc., American Legion #199, Moose Lodge #2633, Carol Wiwi, Deborah Herbig-Angel, Bud Herbert Motors and John Deere I.A.S. International Automated Systems.

CITY CALENDAR

These are just some of the events coming up on the City Calendar. For details, more events and updates, visit the City website harrisonohio.gov.

MARCH 11: SENIOR BRIDGE TOURNAMENT

MARCH 15: CITY COUNCIL MEETING

APRIL 16: EASTER CELEBRATION

APRIL 26: ARBOR DAY MEETING

STREETS DEPARTMENT TACKLES WINTER STORMS

The Streets Department received many compliments following winter storms that packed ice and snow on the City's 45 miles of roadway. The eight team members worked around the clock to keep streets as clear as possible during a Level Two Snow Alert that began Feb. 3.

The City maintains a fleet of six dump trucks for plowing and salting City streets and public parking lots. Two pick-up trucks are also equipped with snow plows. The City stocks about 700 tons of salt each winter in addition to calcium chloride, which is used for very low road surface temperatures.
